Nikro 520019, Lid Latch, Replacement Toggle Clamp for Collection Tank or Drum
Manufacturer: Nikro

Nikro 520019, Lid Latch, Replacement Toggle Clamp for Collection Tank or Drum
Description
The Nikro 520019 Lid Latch is a heavy-duty, industrial-grade replacement toggle clamp designed to secure the motor head assembly to the collection tank or drum. Engineered specifically for high-vacuum applications, this latch maintains an airtight seal to prevent suction loss, drop-in pressure, and debris leakage during demanding recovery operations.
Specifications
