Model Number: 161436

Fountainhead Group 161436 Pump Service Kit Burgess Black Flag Cutter Repel Foggers GTIN 0034457143607

Manufacturer: Burgess

Fountainhead Group 161436 Pump Service Kit for Burgess Black Flag Cutter Repel Foggers
Fountainhead Group 161436 Pump Service Kit is an OEM replacement pump repair/service kit designed for select Burgess, Black Flag, Cutter, and Repel insect foggers.
This kit is used to service the fogger pump assembly and can be an economical alternative to replacing the complete fogger when the pump components become worn or stop operating correctly.
Product Specifications

Compatible Foggers
Fountainhead Group lists part number 161436 as compatible with the following foggers:

- Black Flag Electric Fogger – Model 190107W
- Burgess 960 Electric Insect Fogger – Model 16960110N
- Burgess 1443 Propane Insect Fogger – Model 16443652N
- Repel Propane Insect Fogger – Model 190397
- Cutter Electric Insect Fogger – Model 190396

Repair Your Existing Fogger
If your compatible fogger is no longer pumping properly, the Fountainhead 161436 service kit may allow you to repair the existing pump rather than replacing the entire fogger.
Always confirm the model number of your fogger before ordering. Product designs and replacement parts can change over time, so compatibility should be verified using the model number located on your existing machine.
Important Service Information
Before performing pump maintenance or repairs, empty the fogger tank and remove any remaining fluid from the pump and spray system. Follow the manufacturer's operating and service instructions for your specific fogger model.
