Nikro 520308, 55 Gallon Steel Vacuum Drum Only, Fits DP55110, Scratch and Dent Special

Manufacturer: Nikro

Nikro 520308, 55 Gallon Steel Vacuum Drum Only, Fits DP55110

Scratch and Dent Special! Includes Standalone 55-Gallon Steel Drum only.

Description

Save big on a genuine Nikro 55-gallon steel replacement collection drum (Manufacturer Part #520308), designed specifically as an exact fit for the Nikro DP55110 Industrial Wet/Dry Vacuum system.

This item is a factory clearance Scratch & Dent Special. The drum is 100% structurally sound, perfectly round, and fully functional, ensuring a tight, reliable seal when paired with your existing Nikro vacuum adapter head and lid ring. It features minor cosmetic surface blemishes, minor paint scuffs, or shallow exterior dimples from shipping and handling that do not affect structural performance or suction capability.

Built from heavy-duty 18-gauge carbon steel with a durable rust-resistant inner epoxy lining, this open-head drum provides excellent chemical resistance and durability for heavy-duty industrial cleanup, wood dust extraction, liquid recovery, or hazardous material handling.

Includes

- Standalone 55-Gallon Steel Drum only.
- Note: Powerhead unit, filter assemblies, lid clamp ring, vacuum hose, and rolling wheel dolly cart are sold separately.
