Description

Whether it is for cleaning windows, facades or solar panels with osmosis water, with low pressure and wash brushes or with high pressure. Our hybrid telescopic lance TL 7 H with up to 23 ft. reach is multifunctional. Made from a special carbon-glass fiber mix, it impresses with superb rigidity and at the same time a very low weight. Innovative quick-release fasteners allow convenient retraction and extension, whereas the integrated anti-twist device and a rotatable base ensure maximum ergonomic working conditions. The tool-free and individual setting of the clamping force also facilitates handling. A carrying strap can also be used using a hook at the base.
