Model Number: PUK-8008HGE

Puma PUK-8008HGE Single Stage Wheelbarrow Gas Air Compressor 18.5 CFM @ 90 Psi 135 Psi Max 8 Gallon 315 lbs

Manufacturer: Puma Air Compressor

Puma PUK-8008HGE 8 HP Honda GX240 Gas Wheelbarrow Air Compressor
Puma Part Number: PUK-8008HGE
The Puma PUK-8008HGE is a heavy-duty commercial gas-powered wheelbarrow air compressor featuring a Honda GX240 8 HP engine, electric start, twin 8-gallon air tanks, and a high-output single-stage cast-iron compressor pump.
Delivering up to 20 CFM at 40 PSI and 18.5 CFM at 90 PSI, this compressor is designed for demanding professional applications where electrical power may not be available. It is well suited for construction, mobile service, pneumatic tools, air duct cleaning equipment, sealcoating equipment, diaphragm pumps, agricultural work, and other commercial compressed-air applications.
IMPORTANT: Electric start is provided, but the starting battery and battery cable are NOT included and must be supplied separately.
Key Features

- Honda GX240 commercial-grade gasoline engine
- 8 HP engine
- Electric start
- Honda engine low-oil protection
- 20 CFM @ 40 PSI
- 18.5 CFM @ 90 PSI
- 135 PSI maximum operating pressure
- 105 / 135 PSI operating pressure range
- 8 gallon twin-tank configuration
- Single-stage compressor
- Three-cylinder radial-type cast-iron compressor pump
- 100% duty cycle
- Belt-driven compressor design
- Heavy-duty metal fully enclosed belt guard
- Stainless-steel braided discharge tube
- Heavy-duty regulator
- Two quick-connect air outlets
- Additional port available for expansion of air outlets
- Wheelbarrow-style portable frame
- Ball-bearing steel wheel with inflatable tire

Operating Pressure
105 / 135 PSI

Maximum Pressure
135 PSI

Tank Capacity
8 Gallons Total

Tank Configuration
Twin Portable Tanks

Duty Cycle
100%

Regulator
Heavy-Duty 3/8 Inch

Quick Connectors
2

Dry Weight
315 lbs

Designed for Commercial Mobile Air Applications
The PUK-8008HGE provides high-volume compressed air without requiring an electrical outlet, making it an excellent choice for contractors and mobile service applications.
With 18.5 CFM available at 90 PSI, this unit can operate substantially higher-demand pneumatic equipment than smaller portable compressors. The large-output compressor pump combined with the Honda GX240 engine makes it particularly useful where continuous or frequent compressed-air demand is expected.
Common Applications

- Commercial air duct cleaning equipment
- Pneumatic air tools

Steambrite Supply

# Puma PUK-8008HGE Single Stage Wheelbarrow Gas Air Compressor 18.5 CFM @ 90 Psi 135 Psi Max 8 Gallon 315 lbs

- Construction and contractor applications
- Mobile service vehicles
- Sealcoating equipment
- Air-operated diaphragm pumps
- Farm and agricultural equipment
- Equipment maintenance
- Remote job sites without electrical power
- Air Duct Cleaning work

What's Included

- Puma PUK-8008HGE gas-powered air compressor
- Honda GX240 engine
- Twin 8-gallon air tanks
- Heavy-duty air regulator
- Two quick-connect air outlets
- Wheelbarrow frame with inflatable tire

Not Included: Starting battery, battery cable, air hose, and pneumatic tools unless specifically stated otherwise.
Shipping Information
This is a large and heavy commercial compressor and may require freight shipment. Shipping charges and delivery requirements can vary by destination and requested service.
Commercial delivery locations with a loading dock or forklift generally provide the most economical freight option. Residential delivery, liftgate service, limited-access locations, and other special freight services may result in additional charges.
Always verify current engine emissions requirements for your state or locality before ordering.
Specifications are based on manufacturer information and are subject to change without notice. Product images are for reference. Purchase is fulfilled according to manufacturer part number PUK-8008HGE.
