Manufacturer: Husqvarna Equipment

Husqvarna 970801220, Floor Scarifier CP 9 Pace, Battery, 2.95hp, 1250rpm, Push, US, 970 80 12-20
Description
This professional floor scarifier is powered by the Husqvarna PACE battery platform. With high power and fast charging, it delivers impressive productivity and performance on par with equivalent petrol versions – but without the wasted power consumption from an idling engine.

CP 9 PACE is an excellent choice for concrete and steel surface preparation, thick coating removal, texturing, levelling, profiling and creating adhesion profiles. With a 9-inch (225 mm) working width, this robust scarifier is easy to use and effortless to maintain thanks to the maintenance-free powerhead.

Turnaround between jobs is fast with the revolutionary Husqvarna tube refill kit – a patented system featuring pre-filled tooling tubes that refill drum shafts instantly.

Intuitive controls and user-friendly features help operators achieve consistent results comfortably with limited training and minimal chance of misuse. The machine is also available in corded and petrol versions.

Included: Full drum (with Tacti-Cutter™ Tungsten carbide wheels)
Not included: 94 V PACE battery, battery charger, milling cutters, star wheel cutters, edge drum, wall guidance, Elite-Shave™ blades
Features

- Easy to use
- Fast tool changes
- Easy to transport
- Low cost of ownership and maximum uptime
- Designed with operator safety in mind
- High performance for a range of applications
- PACE battery platform
- Fast turnaround
