Husqvarna 541325201, Elite-Cutter CP9 Refill Tube Kit, 541 32 52â€‘01

Manufacturer: Husqvarna Equipment

Husqvarna 541325201, Elite-Cutter CP9 Refill Tube Kit, 541 32 52â€‘01
Description
The Husqvarna tube refill kit eliminates the time-consuming burden of placing each cutter individually by hand. The system's pre-filled tooling tubes slide the cutters and spacers over the drum shafts all at once. This is possible because the drum shafts have no welded flanges blocking the way. As a result, tools are spaced evenly from end to end, which creates a consistent scarifying pattern. Each kit contains a complete set of four numbered tubes pre-loaded with spacers and cutters for scarifier drums. Choose Elite-Cutter™ for demanding jobs requiring superior performance. The tube refill kit is available in two sizes to fit either the 9-inch (225 mm) width or the 11-inch (275 mm) width of Husqvarna CP scarifiers.
