Product type
Spray nozzle connector, retainer and protector

Lance connection
M18 × 1.5 internal thread

EAN / GTIN-13
4002667139341

Confirm the connection before ordering
Match 5.401-210.0 to the parts diagram for your spray lance or nozzle assembly. Kärcher lists the HD 1.8/13 C Ed on its U.S. compatibility page. The lance installed on a machine may have been changed, so confirm the actual fitting as well as the equipment model.

Steambrite Supply

Parts & Accessories > Jets Nozzles TeeJets VeeJets Cone Spray M-Style Rotary Lazer > Jet Accessories > Karcher 5.401-210.0 Spray Tip Nozzle Retainer and Protector 54012100 EAN 4002667139341

Karcher 5.401-210.0 Spray Tip Nozzle Retainer and Protector 54012100 EAN 4002667139341

Do not assume compatibility with EASY!Lock, quick-connect fittings or other thread sizes. This listing is for the nozzle connector; select the spray nozzle and lance separately as needed.
Availability & shipping
Website availability does not indicate stock at Steam-Brite’s San Antonio warehouse. Warehouse orders are generally processed in 2–5 business days; special-order items may take up to 30 days to arrive. Contact Steam-Brite to confirm availability when your repair is time-sensitive.
