

Karcher 2.644-391.0 Attachment Kit Plug-in Connect Module

Model Number: 2.644-391.0
Karcher 2.644-391.0 Attachment Kit Plug-in Connect Module
Manufacturer: Karcher Pressure Washing
Karcher 2.644-391.0 Attachment Kit Plug-in Connect Module
Description

The IoT module transmits information on the location and operating hours of battery-powered K¨rcher and third-party devices to the equipment management system. It enables transparency with regard to machine performance and thus an increase in efficiency. The module is extremely easy to install as it only needs to be connected to the machine's battery. The device data can be viewed via the equipment management web portal. This means that the current location of the machine is always displayed and machine performance can be analysed and optimised. Also available for third-party devices. Data is transmitted autonomously via a Global SIM Card. The data is sent to the cloud and also stored locally. This ensures that no data is lost even if the mobile phone connection is interrupted. The data can be stored locally for several months.
