StainOut Systems 71-410-AD, Hyper 10 Auto Detailing Carpet & Upholstery Extractor, 10 Gallon, 120 PSI, 800 watt Heater

Description

The StainOut Systems 71-410-AD Hyper 10 is a powerful, professional-grade auto detailing extractor designed to handle tough automotive interior cleaning tasks. Equipped with a robust 120 PSI solution pump, an integrated 800-watt inline heater, and a high-performance 3-stage vacuum motor, this unit effectively breaks down ground-in dirt, grease, and stains while ensuring rapid drying times. Featuring a generous 10-gallon capacity and an efficient 14-amp power draw, the Hyper 10 includes a durable commercial upholstery tool and a 17-foot vacuum/solution hose assembly, making it the ideal solution for auto detailers, car washes, and mobile cleaning professionals.

Features

- Integrated 800W Heater: Quickly heats water to enhance cleaning chemical effectiveness and dissolve stubborn grease, oil, and grime.
- Powerful 3-Stage Vacuum Motor: Provides maximum water lift and suction to extract deep moisture, speeding up drying times for vehicle interiors.
- Optimal 120 PSI Pump: Delivers precise solution pressure to deep-clean upholstery and carpets without oversaturating fabrics.
- 10-Gallon Capacity: Generous solution and recovery tank capacities minimize downtime spent refilling and emptying during large jobs.
- Complete Detailing Package: Comes ready to use with a specialized upholstery tool and a flexible 17 ft vacuum/solution hose set for excellent vehicle maneuverability.
- Efficient Power Usage: Operates at a total draw of 14 amps, allowing convenient use on standard commercial electrical circuits.
