Manufacturer: StainOut Systems

StainOut Systems 71-410-SV, Hyper 10 Standard Vac 10-Gallon Carpet Extractor, 220 PSI, Dual 3-Stage Vac Motors

Description

The StainOut Systems 71-410-SV Hyper 10 is a heavy-duty, professional-grade 10-gallon portable carpet extractor built to tackle demanding commercial cleaning jobs. Engineered for maximum soil extraction and fast drying times, this unit combines a powerful 220 PSI solution pump with two high-output 3-stage vacuum motors. Its rugged 10-gallon capacity ensures extended runtimes between refills, making it an ideal workhorse for auto detailers, commercial cleaners, and restoration specialists seeking reliable, high-performance extraction power.

Key Features

- Dual 3-Stage Vacuum Motors: Delivers superior lift and airflow to extract deep-seated dirt, water, and cleaning solution quickly, drastically reducing drying times.
- 220 PSI Solution Pump: Drives water deep into carpet fibers and upholstery to break up tough stains and embedded dirt without damaging fabrics.
- Generous 10-Gallon Capacity: Features a 10-gallon solution tank and matching recovery tank to keep you cleaning longer with fewer interruptions.
- Commercial-Grade Durability: Housed in a heavy-duty, impact-resistant body built to withstand daily commercial use and rough transport.
- Efficient 14-Amp Power Draw: Designed for high performance while operating efficiently on standard commercial circuits.
- Portable & Maneuverable: Ergonomically engineered for easy loading, unloading, and mobility across job sites.
