StainOut Systems 71-410-HV, Hyper 10 Hyper Velocity 10-Gallon Portable Extractor, 500 PSI, Dual 6.6in Vacs

Model Number: 71-410-HV

StainOut Systems 71-410-HV, Hyper 10 Hyper Velocity 10-Gallon Portable Extractor, 500 PSI, Dual 6.6in Vacs

Manufacturer: StainOut Systems

StainOut Systems 71-410-HV, Hyper 10 Hyper Velocity 10-Gallon Portable Extractor, 500 PSI, Dual 6.6in Vacs

Description

Tackle the toughest carpet and upholstery cleaning jobs with the StainOut Systems 71-410-HV Hyper 10. Engineered for maximum extraction power and efficiency, this 10-gallon portable extractor features dual 6.6-inch Hyper Velocity vacuum motors designed to deliver exceptional lift and airflow, dramatically reducing drying times. The fully adjustable 500 PSI Pumpteck pump provides precision pressure control, allowing you to seamlessly transition from delicate upholstery cleaning to high-pressure carpet restoration.

Built with job-site efficiency in mind, the Hyper 10 includes a dual cord system paired with an integrated separate circuit locator. This essential feature ensures you plug into two independent electrical circuits, eliminating blown breakers and keeping your operation running smoothly. Heavy-duty construction and high-performance components make the StainOut Systems 71-410-HV an indispensable asset for professional carpet cleaning technicians, commercial cleaners, and auto detailers alike.

Features

- Dual 6.6" Hyper Velocity Vacuum Motors: Delivers superior suction power, maximum CFM, and water lift for rapid moisture recovery.
- 500 PSI Adjustable Pumpteck Pump: Heavy-duty pump allows custom pressure settings from low-PSI upholstery work to aggressive deep-cleaning pressure.
- 10-Gallon Capacity: Large solution and recovery tanks maximize cleaning time between refills and empties.
- Separate Circuit Locator: Dual cord design equipped with an automatic circuit indicator light to identify independent electrical lines easily.
- Durable Portable Chassis: Rugged, commercial-grade housing with heavy-duty wheels designed to withstand daily transportation and tough jobsite environments.
- Dual Power Cord Operation: Distributes electrical load across two outlets for safe, reliable operation on standard commercial circuits.

StainOut Systems 71-410-HV, Hyper 10 Hyper Velocity 10-Gallon Portable Extractor, 500 PSI, Dual 6.6in Vacs

Specifications

Manufacturer
StainOut Systems

Model / Part Number
71-410-HV

Series
Hyper 10

Tank Capacity
10 Gallons

Vacuum Motors
(2) 6.6" Hyper Velocity Vacuum Motors

Pump Type
Pumptec Adjustable Pump

Operating Pressure
500 PSI (Fully Adjustable)

Power Source
Dual Power Cords (Separate Circuits Required)

Circuit Protection
Built-in Separate Circuit Locator / Indicator

Application
Carpet Extraction, Upholstery Cleaning, Auto Detailing

Equipment: Carpet Cleaning Machines > Portable Extractors by Machine > Clean Storm > StainOut Systems 71-410-HV, Hyper 10 Hyper Velocity 10-Gallon Portable Extractor, 500 PSI, Dual 6.6in Vacs
