Hydramaster 750-011-767 Titan 375 Truckmount With 100 Gallon Waste Tank, 100 Ft Hose Set,
Carpet Cleaning Wand

Manufacturer: HydraMaster

HYDRAMASTER • PART NUMBER 750-011-767

TITAN 375 Truckmount

Professional cleaning power with a 100-gallon waste recovery tank.

The HydraMaster TITAN 375 brings heated solution delivery and powerful vacuum recovery together in a compact, single-wand slide-in truckmount. Its 23 HP Vanguard engine, tri-lobe blower and high-pressure solution system support carpet cleaning, upholstery care, hard-surface cleaning and water extraction.

Package configuration: This listing includes a 100-gallon waste recovery tank. An onboard freshwater tank, larger recovery tank and automatic wastewater disposal system are optional upgrades.

Performance that works across cleaning jobs

- 23 HP Vanguard engine with oil cooler: Air-cooled power for the vacuum and solution systems.
- 4005 tri-lobe blower: Manufacturer-rated 350+ CFM, with smoother airflow and reduced pulsation compared with a bi-lobe design.
- General solution pump: Adjustable pressure up to 2,000 PSI for a range of cleaning tasks.
- Stainless-steel heat exchanger: Captures engine and blower exhaust heat; published maximum solution temperature is 240°F.
- Hydra-Clutch: Disengages the solution pump during water extraction.
- Service access: Removable panels simplify access to components; Cerakote exhaust coating provides heat and corrosion resistance.

Technical specifications

Engine

23 HP Briggs & Stratton Vanguard, air cooled

Vacuum blower / airflow

4005 tri-lobe / manufacturer-rated 350+ CFM

Equipment: Carpet Cleaning Machines > Truckmounts by Brand > HydraMaster > Hydramaster
750-011-767 Titan 375 Truckmount With 100 Gallon Waste Tank, 100 Ft Hose Set, Carpet Cleaning
Wand

Hydramaster 750-011-767 Titan 375 Truckmount With 100 Gallon Waste Tank, 100 Ft Hose Set, Carpet Cleaning Wand

Solution pump / rated flow
General HT-1813 / 4.0 GPM

Maximum solution pressure / temperature
Up to 2,000 PSI / up to 240°F

Waste recovery tank
100-gallon MaxxAir

Wand capacity
Single wand

Chemical delivery
Meter-controlled, last-step injection

Console dimensions*
24 in. W × 32 in. H × 36 in. D

Console weight*
563 lb.; excludes tank, water and accessories

*Dimensions and console weight follow HydraMaster's product page and information sheet. The September 2025 owner's manual lists a 31-inch frame height and 570 lb. Allow for the complete installed system when planning vehicle space and payload. Maximum ratings do not imply simultaneous delivery at the cleaning tool. Factory-listed standard equipment

- 100-gallon MaxxAir waste recovery tank and 1.5-inch EVOLUTION wand.
- 100 ft. × 1/4-inch solution hose; 100 ft. × 2-inch vacuum hose.
- 10 ft. × 1.5-inch wand whip and 50 ft. water supply line.
- 5-gallon chemical jug, chemical flow meter and control valve.
- Hour meter, vacuum and solution-pressure gauges, pressure and temperature controls.
- Pump clutch, prewired AWDS switch, battery box and van installation kit.

Wand

Hydramaster 750-011-767 Titan 375 Truckmount With 100 Gallon Waste Tank, 100 Ft Hose Set, Carpet Cleaning Wand

The prewired AWDS switch does not include the optional automatic wastewater disposal system.

Cleaning applications

Residential and commercial carpet; upholstery; tile and grout, stone and concrete; suitable LVP surfaces; pressure washing with recovery; and water or flood extraction. Use the appropriate tool, pressure and temperature for each material.

Optional equipment — purchased separately

100-gallon recovery tank, AWDS pump-out system, freshwater tanks, HydraCradle tank/reel combination, manual or electric hose reels, RX20 NEXTGEN rotary extractor, upholstery tools and additional EVOLUTION wands.

Installation and factory resources

Installation requires adequate vehicle payload, secure mounting, fuel connections and a starting battery. The supplied installation kit and battery box are components for installation.
