Clean Storm NA0840, Acorn Suction Strainer Filter Tank Screen for 1/8in FIP, 80 Mesh

Manufacturer: Clean Storm

Clean Storm PP14-806540, Acorn Suction Strainer Filter Tank Screen for 1/8in FIP, 80 Mesh

Description

The Clean Storm NA0840Acorn Suction Strainer is a heavy-duty mushroom-style filter tank screen designed to protect your carpet cleaning machine and pressure washer pumps from debris. Featuring a durable stainless steel 80 mesh top coupled with a flexible, high-grade rubber base, this strainer forms a reliable barrier against particulates before they enter your system.

Engineered for versatility, the flexible rubber inlet makes a tight, snug fit directly over standard 1/8" female pipe threads (FIP) as well as directly onto most rubber hoses with a 1/8" inner diameter. It is commonly utilized to repair and maintain various models of Prochem truckmount carpet cleaning machines, Sapphire units, Pumptec setups, Mytee extractors, and Karcher pressure cleaning equipment.

Features

- **Durable Construction:** High-grade stainless steel 80 mesh screen top combined with a resilient rubber base for corrosion resistance and long service life.
- **Snug & Universal Fit:** Fits securely over 1/2" FIP threads and slides directly onto most 1/2" ID rubber supply hoses.
- **Optimal Filtration:** Fine 80 mesh screen captures unwanted contaminants, protecting pumps and internal components from clog-induced damage.
- **Compact Mushroom Design:** Measures 1-5/8" W x 1-3/8" H to easily fit into tight tanks and suction lines.
- **Wide Compatibility:** Direct replacement part for major commercial cleaning brands including Prochem, Sapphire Scientific, Mytee, Pumptec, and Karcher.

Specifications

*Parts & Accessories > Filters > Water Filters - Low & High Pressure > Clean Storm NA0840, Acorn
Suction Strainer Filter Tank Screen for 1/8in FIP, 80 Mesh*

Clean Storm NA0840, Acorn Suction Strainer Filter Tank Screen for 1/8in FIP, 80 Mesh

Brand / Manufacturer
Clean Storm

Product Type
Acorn / Mushroom Suction Strainer Tank Screen

MPN
NA0840

Mesh Count
80 Mesh

Screen Material
Stainless Steel

Base Material
Rubber

Overall Dimensions
1-5/8" Width x 1-3/8" Height

Connection Compatibility
1/8" FIP (Female Pipe Thread) & 1/2" ID Hose

Application
Carpet Extraction / Truckmount Repair / Pressure Washing
