Hydramaster 610-006-743 Heater Assembly ALFA LAVAL AXP14 For Titan 575 Truckmount

Model Number: 610-006-743

Hydramaster 610-006-743 Heater Assembly ALFA LAVAL AXP14 For Titan 575 Truckmount

Manufacturer: HydraMaster

HydraMaster 610-006-743 Alfa Laval AXP14 Heat Exchanger Assembly – Titan 575 Truckmount

Manufacturer: HydraMaster

Manufacturer Part Number: 610-006-743

Manufacturer Description: ASSY, ALFA LAVAL AXP14 575

Equipment Application: HydraMaster Titan 575 Truckmount Carpet Cleaning Machine

Component Type: Heat Exchanger Assembly

Product Description

The HydraMaster 610-006-743 Alfa Laval AXP14 Heat Exchanger Assembly is a replacement heat exchanger assembly used in the HydraMaster Titan 575 truckmounted carpet cleaning system.

This assembly incorporates an Alfa Laval AXP14 plate-style heat exchanger designed to transfer thermal energy between separate fluid circuits. Plate heat exchangers provide efficient heat transfer in a compact configuration, making them suitable for truckmount carpet cleaning equipment where space and heating performance are important considerations.

HydraMaster states that part 610-006-743 is a retrofit assembly used to replace the older 000-038-043 tube-and-shell heat exchanger on certain Titan 575 machines.

HydraMaster identifies this component under manufacturer part number 610-006-743 with the factory description ASSY, ALFA LAVAL AXP14 575.

Hydramaster 610-006-743 Heater Assembly ALFA LAVAL AXP14 For Titan 575 Truckmount

Heat Exchanger Series
AXP14

Equipment
HydraMaster Titan 575

Component Category
Truckmount Heat Exchanger Assembly

Quantity
1 Assembly

Equipment Application

This HydraMaster replacement assembly is identified for use in the following equipment:

- HydraMaster Titan 575 Truckmount Carpet Cleaning System

The Alfa Laval AXP14 heat exchanger is part of the truckmount's heating system. Its compact plate-type construction allows heat transfer between separate fluid circuits without intentionally mixing the fluids.

Heat Exchanger Assembly vs. Individual Heat Exchanger
HydraMaster identifies the following related components:

- 610-006-743: ASSY, ALFA LAVAL AXP14 575 – Heat Exchanger Assembly
- 000-038-091: Alfa Laval AXP14 Heat Exchanger Core Only

The complete assembly and individual heat exchanger have different manufacturer part numbers. The components included with an assembly may differ from those supplied with an individual replacement heat exchanger.

Manufacturer Parts Documentation

HydraMaster identifies part number 610-006-743 in the Titan 575 equipment parts documentation.
