Home Power HPS9000VE-03/B Tri-Fuel Portable Generator 16609-003

HPS9000VE
Winco's HPS9000E is ready to produce electricity when other generators are out of gas. With a dual carburetor this generator can quickly and easily switch between gasoline, LP gas, and natural gas. Gasoline is difficult to store in large quantities and can be scarce during storms and other disasters. The flexibility of the HPS9000E will help you have power when and where you need it.
