Manufacturer: TriPlex Technical Services

TriPlex 20170811, High Alkaline Carpet APC OXY Pre-Spray, 4/1 Gallon Case
Description

The Tri-Plex 20170811 High Alkaline Carpet APC OXY Pre-Spray is a heavy-duty cleaning solution engineered to tackle the toughest carpet conditions in both residential and commercial applications. Formulated to penetrate and break down severe soils, grease, and stains, this powerful pre-spray restores carpet appearance efficiently. For optimal results and long-term protection, follow up with Green Guard during extraction to return the carpet fibers to a neutral pH balance and prevent premature re-soiling.

Features

- High-alkaline APC OXY formula designed for deep cleaning and removing stubborn, set-in soil.
- Versatile application suitable for both residential and commercial carpet cleaning projects.
- Flexible dilution options for both pump-up sprayers and Hydro-Force sprayers depending on soil levels.
- Economical 4/1 gallon case packaging ideal for professional carpet cleaning technicians.
- Pairs seamlessly with neutralizing rinses like Green Guard to prevent re-soiling.

Specifications

Brand
Tri-Plex

Model / Part Number
20170811

Product Type
High Alkaline Carpet APC OXY Pre-Spray

Package Quantity
4 x 1 Gallon (Case)

Application
Residential and Commercial Carpet Cleaning

> TriPlex 20170811, High Alkaline Carpet APC OXY Pre-Spray, 4/1 Gallon Case

TriPlex 20170811, High Alkaline Carpet APC OXY Pre-Spray, 4/1 Gallon Case

Pump-Up Sprayer Dilution
4 oz. per gallon of water (Light to Medium Soil)

Hydro-Force Dilution (4-oz)
1.5 quarts product per 3.5 quarts water

Hydro-Force Dilution (6-oz / 50/50)
2.5 quarts product per 2.5 quarts water

Directions

- Always pretest for color fastness in an inconspicuous area prior to application.
- Dilute 4 ounces per gallon of water into a pump-up sprayer (or use designated Hydro-Force dilutions) and spray evenly onto all targeted carpet areas.
- Use a carpet groomer to thoroughly groom in the pre-spray and allow a 10-minute dwell time.
- Extract the carpet thoroughly using a portable or truck mount extraction system.
