Formula Type

> TriPlex Technical Services GC-SPT4-1, Spot Solv Water-Based Carpet & Upholstery Spot Remover, 4 x 1 Gallon Case

TriPlex Technical Services GC-SPT4-1, Spot Solv Water-Based Carpet & Upholstery Spot Remover, 4 x 1 Gallon Case

Water-Based

Application
Carpet and Upholstery Spot Remover

Directions

- Pre-test the Spot Solv solution on an inconspicuous area of the carpet or upholstery for colorfastness before full application.
- Remove any excess solid waste or blot up excess liquid from the stained area.
- Apply Spot Solv directly onto the stain, ensuring complete coverage without saturating the backing.
- Allow the formula to dwell for a few minutes to break down and loosen the embedded stain.
- Blot the area gently with a clean, white, absorbent cloth or sponge. Do not rub vigorously.
- Rinse the treated area with clean water if necessary and extract or blot dry.
