Link Manufacturing Ramps LS50-36-126 Folding LS50 Series Heavy Duty Folding Aluminum Ramp 36x126

Model Number: LS50-36-126 Folding

Link Manufacturing Ramps LS50-36-126 Folding LS50 Series Heavy Duty Folding Aluminum Ramp 36x126

Manufacturer: Link Manufacturing Ramps

Link Manufacturing LS50-36-126 F Heavy-Duty Folding Aluminum Loading Ramp
36-Inch Usable Width × 126-Inch Length • 750-Lb Rated Capacity • Portable Bi-Fold Design
Special-Order / Availability Notice:
Factory Built to Order: Although this model may not appear in the current printed Link Manufacturing catalog, Steam-Brite recently confirmed factory production and shipment of this ramp. Please allow additional lead time, as this model is built to order and may not be stocked for immediate shipment. Current build / lead time is 1 month.

The Link Manufacturing LS50 Series is designed for contractors, restoration companies, carpet cleaners, delivery operators, and other professionals who need to move heavy equipment into and out of vans, box trucks, trailers, and raised work areas.
Model LS50-36-126 F provides a wide 36-inch loading surface and a long 126-inch ramp length to help reduce the loading angle compared with shorter ramps. Its portable bi-fold construction allows the ramp to fold for easier transportation and storage when full-length storage space is limited.

Series
LS50 Heavy-Duty Portable Ramp

Model
LS50-36-126 F

Ramp Design
Portable bi-fold / folding ramp

Steambrite Supply

Link Manufacturing Ramps LS50-36-126 Folding LS50 Series Heavy Duty Folding Aluminum Ramp 36x126

Usable Ramp Width
36 inches

Overall Length
126 inches

Rated Capacity
750 lb

Published Ramp Weight
Approximately 113 lb

Construction
High-strength extruded aluminum

Mounting
Portable; not permanently mounted

Specifications above are based on previously published Link Manufacturing information for this model. Factory specifications and availability are subject to change.

Features and Benefits

- Heavy-duty aluminum construction for commercial loading applications
- 36-inch usable width accommodates many commercial machines and wheeled carts
- 126-inch length helps reduce the loading angle from elevated vehicle floors
- Bi-fold design reduces the amount of storage length required
- Portable design allows use at rear or side vehicle doors
- Helps reduce manual lifting, employee strain, and equipment damage
- Ribbed aluminum loading surface provides traction for wheeled equipment
- Suitable for carpet-cleaning, restoration, janitorial, delivery, and service equipment

Common Applications

This ramp may be used to load compatible carpet extractors, air movers, dehumidifiers, floor machines, pressure washers, generators, tool carts, delivery carts, landscaping equipment, and other wheeled commercial equipment.

Steambrite Supply

Link Manufacturing Ramps LS50-36-126 Folding LS50 Series Heavy Duty Folding Aluminum Ramp 36x126

Important: Confirm the total operating weight, wheel spacing, ground clearance, vehicle floor height, doorway width, doorway height, and available storage space before ordering. The combined weight of the equipment, accessories, cargo, and operator must never exceed the ramp's rated capacity.
Ramp-Length Selection
A longer ramp generally produces a gentler approach angle, but suitability depends on the vehicle deck height and the ground clearance of the equipment being loaded. Measure from the ground to the vehicle cargo floor and verify that the resulting angle is appropriate for your machine before purchasing.
Equipment with small wheels, low pump housings, low solution tanks, or limited ground clearance may require a longer ramp or a lower vehicle deck height to prevent bottoming out.
Freight and Delivery
Due to this ramp's size and shipping dimensions, delivery may require an oversized ground shipment or motor freight service. Residential delivery, liftgate service, limited-access delivery, and appointment service may cost extra.
Please inspect the ramp and packaging before signing the delivery receipt. Any visible freight damage should be clearly noted on the carrier's delivery paperwork before the shipment is accepted.
Ordering Information
Order by model number: LS50-36-126 F.
Because this size is not shown in Link Manufacturing's current standard folding-ramp chart, Steam-Brite will need to verify whether it remains available as a factory-built, special-order, or custom-size ramp. Special-order and custom-built products may be non-cancelable and non-returnable once production has begun.
For current availability and freight assistance, visit Steam-Brite Customer Service.
Displayed photographs may show another size or configuration from the same ramp series. Purchase fulfillment is based on the manufacturer and model number ordered. Verify all specifications and compatibility before purchase.

36x126 LS50 Heavy Duty Folding Ramp---LS50-36-126

All of our Ramp Systems provide protection for your employees and equipment by eliminating the danger of lifting in and out of vehicles. Our systems are proven to increase your job efficiency and reduce the cost of expensive equipment damage. Create for yourself a professional appearance with a Steam Brite Ramp System.

FEATURES & BENEFITS

- Lightweight and durable

Link Manufacturing Ramps LS50-36-126 Folding LS50 Series Heavy Duty Folding Aluminum Ramp 36x126

- General use ramp
- Portable
- Reduces dangerous lifting
- Custom sizes available
- Increase efficiency
- Reduce equipment damage

Ramps, Sprinter Van Ramps, Aluminum Van Ramps, Van Ramps For Wheelchairs, Aluminum
Cargo Ramps, Truck Cargo Ramps, Portable Cargo Ramps, Folding Cargo Ramps, Van
Cargo Ramps, Cargo Ramps For Trucks, Cargo Ramps for Vans, Pickup Cargo Ramps,
SUV Cargo Ramps, Aluminum Utility Ramps, Truck Utility Ramps, Folding Utility Ramps,
Utility Ramps, Loading Ramps, Portable Utility Ramps, Commercial Utility Ramps.

RAMP CAPACITY RATINGS
There are many methods that are used to give a ramp its loading capacity rating. Do

Steambrite Supply

Link Manufacturing Ramps LS50-36-126 Folding LS50 Series Heavy Duty Folding Aluminum Ramp 36x126

not be fooled by the numbers. Our ramps are rated using a footprint 6" wide by 16" long.
Pressure is applied to the center of the ramp with this footprint. We then apply a three times safety factor to arrive at the weight our ramps are capable of loading safely. This gives you a true capacity rating that has the safety of you and your employees at heart.
Ask your ramp supplier how they arrive at their capacity rating.
