Description
The next-generation solution, this innovative concrete and terrazzo restoration and polishing system works on most standard floor machines, delivering superior results in less time, saving money. Unmatched gloss level using a standard floor machine. Sustains floor shine with frequent use. Maintain superior image gloss and clarity using only water, no dangerous chemicals required. No need to replace multiple blades that can result in damaged hardware or improper installation. Reorder a new tool once the black nylon wear indicator is visible. Continue to use the current tool until the new one arrives.

The +1 Red Shine Tool simplifies maintenance by combining cleaning and polishing into a single step, helping to maintain high-polished floors with superior image gloss and clarity. Use it chemical-free with water only, or with a neutral-based cleaner, as part of your regular maintenance routine—saving time, money, and labor resources.
