Motor: 1.5 HP, 1-Stage
Power: 1,340 Watts
Electrical: 115 Volts / 11.5 Amps
Sound Level: 69 dB
Power Head Kit: Sandia 10-0164
COMMERCIAL 6-QUART HIP VACUUM WITH 150 CFM AIRFLOW AND POWERED FLOOR HEAD FOR FAST CARPET CLEANING IN HOTELS, OFFICES, SCHOOLS, COMMERCIAL BUILDINGS AND JANITORIAL APPLICATIONS.
The Sandia 30-2002 Super Hipster is a professional 6-quart commercial hip vacuum designed to give the operator the mobility of a backpack vacuum without carrying the vacuum high on the back. Its compact waist-mounted configuration helps make cleaning hallways, offices, hotel rooms, stairs and other congested areas easier than maneuvering a conventional upright or canister vacuum.
This model produces up to 150 CFM airflow from its 1.5 HP, single-stage motor while operating at approximately 69 dB. The vacuum uses a disposable heavy-duty paper Micro-Bag installed inside a washable cloth shakeout bag, and an internal bag support plate helps prevent the filter bag from restricting airflow as it fills.
The 30-2002 configuration includes Sandia's Power Head Accessory. Sandia identifies the powerhead package as 10-0164, which includes the power vacuum head, wand and required electrical fittings. This powered floor head provides mechanical agitation for more effective pickup from carpeted surfaces compared with a conventional non-powered floor tool.
Sandia 30-2002 Super Hipster Features

- 6-quart commercial hip vacuum
- 150 CFM airflow
- 1,340-watt motor
- 1.5 HP single-stage vacuum motor

Commercial Cleaning Applications
The Sandia Super Hipster is well suited for professional vacuuming in hotels, motels, offices, schools, churches, theaters, restaurants, healthcare facilities, commercial buildings and janitorial cleaning operations. The hip-mounted design is especially useful where operators frequently move between rooms, around furniture or through narrow areas.
Manufacturer Warranty
Sandia currently specifies a lifetime warranty on the vacuum body, 5-year warranty on the motor and electrical components, and 90-day warranty on tools and accessories. Warranty coverage is subject to Sandia's current warranty terms and conditions.
Note: Specifications and included components are subject to manufacturer change without notice. Product images are for reference. Orders are fulfilled according to the manufacturer part number ordered.
