Model Number: AX23

Clean Storm AX23 Solution "QD" Splitter QDs for Truckmount Dual Wanding Hydro-Force 1622-2717 Blue Baron TWQCF15

Manufacturer: Clean Storm

Clean Storm AX23 Solution "T" Splitter for Truckmount Dual Wanding
Cross Reference: Hydro-Force AX23, Hydro-Force 1622-2717, Blue Baron TWQCF15

The Clean Storm AX23 Solution "T" Splitter lets you split one truckmount solution line into two working outlets. This is ideal for dual wand cleaning, running a carpet wand and upholstery tool at the same time, or allowing one technician to pre-spray while another technician extracts.

Common Uses

- Dual wand carpet cleaning
- Truckmount solution line splitter
- Hydro-Force sprayer and carpet wand at the same time
- Carpet wand and upholstery tool operation
- Protector application while cleaning continues
- Rotary extractor and standard wand use

What You Get

- 1 male 1/4 inch quick disconnect
- 2 female 1/4 inch quick disconnect couplers
- 2 brass 1/4 inch street elbows
- 1 brass 1/4 inch tee

Features and Benefits

- Turns one solution outlet into two outlets
- Helps save labor time on commercial cleaning jobs
- Great for two-person cleaning crews
- Brass construction for professional truckmount use
- Compact design stores easily in the van
- Freight included

Compatible / Related Part Numbers

- Clean Storm AX23
- Hydro-Force AX23
- Hydro-Force 1622-2717
- Blue Baron TWQCF15
- 121272
- 12172

Why Use a Solution Splitter?

On larger jobs, time is money. This splitter allows one technician to continue cleaning

>

while another technician applies pre-spray, rinse, deodorizer, or protector. It can also be used when running two cleaning tools from one truckmount solution supply, provided your truckmount has enough heat and flow capacity for the job.

Important Notes

- Always verify your truckmount has enough pressure, heat, and flow for dual tool operation.
- Use only with compatible 1/4 inch quick disconnect solution hoses and tools.
- Actual fittings may vary slightly by production batch or supplier.

Turn your truck mounted carpet cleaning machine into dual wand use. Sometimes the simplest accessories are the most valuable. The solution "T" splits your solution line allowing a wand or RX-20 (MH20A) to be used at the same time as your HydroForce. While one technician presprays with the HydroForce, the other extracts. This clever invention can save you up to an hour each day and TIME IS MONEY!

You can have one person pre-spray the carpet while the other is rinsing it. You can have one person post spray carpet with Tefon Advanced (or some other brand) while one person is cleaning the carpet. You can two people cleaning at the same time. One on furniture and one on the carpet or both on the same task.
