TEST

Impress your customers with the transparent SX-15. The clear head on the SX-15 allows you to show your customers how your professional tools and chemicals remove years of grunge from their tile and grout. Just like the Hydro-Filter, it's a great way to demonstrate how much grime their 'cleaning' left behind. It's also a great visual tool for seeing when you've removed all the cleaning solutions and dirt from an area. If the water isn't brown or foaming, it's clean!

LEAVE THE COMPETITION BEHIND!
Make quick work out of any job with the industry's most advanced hard surface tool.

FAST

- Industry-leading 15" cleaning path allows you to clean 25% faster than 12" models
- Aerodynamically-engineered radial vacuum line creates a laminar-flow vortex in the cleaning head that allows the SX-15 to remove water twice as fast as competitive models
- Tool-less design makes changing the boots a breeze! EZ-LOC™ boot uses no screws or pop rivets, simply release three locking levers to change your boot on the fly!
- Toe-adjustable vacuum relief lets you adjust the suction strength on the fly
- Low profile allows the unit to fit under toe kicks
- Easy access inline filter makes cleaning the filter a snap

DURABLE

- Quality components will handle operating pressures from 700 to 2,600 PSI so you can blast away oily deposits
- Stainless steel handle and high-tech polymer casing will take a beating and ask
