Chemspec RED X IT Sapphire Scientific 76-310 RedXit Red Stain Remover (1 Quart) UPC 847136000920

Manufacturer: Chemspec

Chemspec RedXit Red Stain Remover

Sapphire Scientific RedXit is a one-step spotter effective at removing a variety of synthetic and organic red stains – including sports drinks, fruit juice, red wine and soft drink dyes. Biodegradable solvent and surfactant systems and low aroma make the product easy to work with.

Many other red stain cleaning products come in 2-part systems that require mixing on-site and have a limited shelf life. RedXit is a convenient ready-to-use product that requires no mixing and has an extended shelf life. Product can ship in different color bottles with different labels - same formula inside.

- No mixing required. Extended product shelf life.
- VOC compliant in all U.S. states.
- Low aroma formulation means no unpleasant fumes
- No flash point
- Biodegradable solvent and surfactant systems

Sold as Case of twelve 1 qt. (0.9 L) bottles
Re-order no. 76-310
Appearance Colorless transparent non-viscous liquid
Odor Mild fragrance and sulfur
pH 4.5 to 5.5
Volatile Organic Content (VOC) Trace
Surfactant type Amphoteric
