PMF S1540C 30in Closed Spray Stair Carpet Cleaning Wand 9-3/4in 1000 PSI Stainless Steel

Model Number: S1540C

PMF S1540C 30in Closed Spray Stair Carpet Cleaning Wand 9-3/4in 1000 PSI Stainless Steel

Manufacturer: Production Metal Forming

PMF S1540C 30-Inch Closed-Spray Stair Carpet Cleaning Wand

PMF Part Number: S1540C

Tool Length: 30 Inches

Pickup Head Width: 9-3/4 Inches

Spray Design: Closed / Enclosed Spray

Maximum Pressure: 1,000 PSI

Valve: PMF V1-EZ Forged-Brass Valve

Construction: Stainless Steel

Vacuum Tube: 1-1/4 Inch Expanded to 1-1/2 Inches

Vacuum-Hose Connection: 1-1/2 Inches

Quick Disconnect: Sold Separately

PROFESSIONAL 30-INCH CLOSED-SPRAY STAIR AND DETAIL CARPET
EXTRACTION WAND WITH A 9-3/4-INCH STAINLESS-STEEL HEAD, ENCLOSED
SPRAY CHAMBER AND 1,000 PSI PMF V1-EZ FORGED-BRASS VALVE.

The PMF S1540C Closed-Spray Long-Handle Stair Tool is a professional
stainless-steel carpet extraction wand designed for cleaning carpeted stairs,
recreational vehicles, motor homes, trailers and other confined carpeted areas where
a conventional full-size carpet wand can be difficult to maneuver.

The S1540C is the closed-spray version of the PMF S1540. Instead of leaving the
solution spray exposed behind the vacuum head, the S1540C incorporates an
enclosed stainless-steel spray chamber around the spray area. This helps contain
and direct the cleaning solution toward the carpet while reducing unwanted overspray
onto nearby surfaces.

Closed-Spray Stainless-Steel Head

The defining feature of the S1540C is its closed-spray design. A stainless-steel
enclosure surrounds the spray area behind the pickup head while leaving the bottom
open toward the carpet for application of the cleaning solution.

Compared with an open-spray stair wand, the enclosed configuration can provide
several advantages when working in confined areas:

- Helps reduce overspray onto walls and stair risers
- Helps keep cleaning solution directed toward the carpet
- Provides improved spray control around furniture and finished surfaces
- Protects the spray jet inside the stainless-steel enclosure
- Well suited for stairways and other areas where surrounding surfaces are close to the cleaning head

30-Inch Long-Handle Design

At approximately 30 inches long, the S1540C provides considerably more reach than
a conventional short stair or upholstery tool while remaining substantially more
compact than a full-size carpet wand.

Equipment: Carpet Cleaning Machines > Wand > Stair Wands > PMF S1540C 30in Closed Spray Stair Carpet Cleaning Wand 9-3/4in 1000 PSI Stainless Steel

PMF S1540C 30in Closed Spray Stair Carpet Cleaning Wand 9-3/4in 1000 PSI Stainless Steel

This intermediate size makes the S1540C particularly useful for carpeted stairs and detail cleaning. The technician can clean stair treads without relying on a very short hand tool, yet the wand remains maneuverable enough for confined spaces.

9-3/4-Inch Stainless-Steel Pickup Head

The S1540C uses a 9-3/4-inch-wide stainless-steel pickup head. The wide cleaning path provides greater coverage than narrow upholstery and detail tools and is well suited to the width of many residential and commercial stair treads.

The tool is constructed from stainless steel, including the head, with stainless-steel hardware for durability in professional hot-water carpet extraction applications.

PMF V1-EZ 1,000 PSI Forged-Brass Valve

Current-production PMF S1540C stair tools are equipped with the PMF V1-EZ forged-brass solution valve and are rated for pressures up to 1,000 PSI.

This makes the S1540C suitable for use with many professional portable carpet extractors and truckmount carpet-cleaning systems, subject to the pressure, temperature and connection requirements of the individual cleaning system.

1-1/2-Inch Vacuum Hose Connection

The stainless-steel vacuum tube is 1-1/4 inches and expands to 1-1/2 inches at the hose connection, allowing the tool to accept a standard 1-1/2-inch carpet-extractor vacuum hose.

Designed for Stairs and Confined Carpeted Areas

The combination of a 30-inch handle, wide stainless-steel extraction head and enclosed spray chamber makes the PMF S1540C particularly useful for:

- Carpeted stair treads
- Residential and commercial staircases
- Motor homes and RVs
- Travel trailers
- Carpeted vehicle interiors
- Confined carpeted areas
- Detail carpet extraction
- Cleaning close to walls and finished surfaces
- Applications where reducing overspray is important

Operator Comfort

The S1540C includes a padded assist handle that provides an additional gripping point while cleaning stairs and other difficult areas.

A black vinyl upper hand grip helps protect the operator's hand from heat transferred through the stainless-steel tubing when the tool is used with hot-water extraction equipment.

PMF S1540C Features

- 30-inch professional long-handle stair and detail carpet wand
- Closed / enclosed spray design
- 9-3/4-inch-wide stainless-steel pickup head
- PMF V1-EZ forged-brass solution valve
- Maximum operating pressure: 1,000 PSI

Equipment: Carpet Cleaning Machines > Wand > Stair Wands > PMF S1540C 30in Closed Spray Stair
Carpet Cleaning Wand 9-3/4in 1000 PSI Stainless Steel

PMF S1540C 30in Closed Spray Stair Carpet Cleaning Wand 9-3/4in 1000 PSI Stainless Steel

- Stainless-steel construction including nuts and bolts
- 1-1/4-inch vacuum tube expanded to 1-1/2 inches
- Accepts standard 1-1/2-inch vacuum hose
- Padded assist handle
- Black vinyl upper heat-protection grip
- Designed to help control overspray in confined areas
- Compact alternative to a full-size carpet wand
- Designed for professional portable extractors and truckmount systems
- Made in the USA by Production Metal Forming / PMF

Best Advantage

Improved spray containment around nearby surfaces

Maximum visibility and access to the spray pattern

Choose the S1540C closed-spray model when reducing overspray around walls, stair risers, furniture and other nearby surfaces is important. Choose the S1540 open-spray model when maximum visibility of the solution spray and easy access to the spray system are preferred.

Important: The solution-line quick disconnect is not included. Select the appropriate quick-disconnect fitting for your extractor or truckmount separately.

Note: Quick disconnects are not included with tool. Please add connectors to your shopping cart...
