Please note Mytee and SteamBrite reserve the right to change exact specifications without notice.

What does not mean? This means that Mytee commonly changes the brand of parts used to make their machines and all Steambrite is going to do is confirm the part number and voltage on the box. Not the brand of part that is used in the build. In early 2018 Mytee is in the process of changing the rear wheels and front casters to a different size and specification. Other changes might also take place.
