Questions:
A. Why do I have to supply my Social Security Number?
Answer: This is to affect your credit when you do not bring the equipment back. This is no different than when you go to the doctor’s office and they ask for your social security number. They only reason they need it is if you do not pay your bill promptly, they can turn it in to a collections agency. This is a requirement. The only way to avoid providing this information is provide a large enough cash deposit that will purchase the equipment.

B. Are you open on Sunday?
"No." See rates above for Sunday rentals

C. Can I reserve a machine for a specific day?
"Yes, but only if you prepay for it. We will have to take the required information over the phone and charge you in advance for the rental.

D. What if I prepay for a rental and cannot show up to pick up the machine?
All sales are final. No credit is placed back on your credit card, but we can carry over
