>

Water Claw Wand to remove water and odors from under the carpet and padding/cushion.  
Wall and floor perforation tool  
Moisture meters to confirm the walls are dry before you remove equipment.  
Pick up and delivery (in some cases)

Caution: It is important to not overload the electric power circuits in the building that you are placing the equipment. Just because it plugs into an outlet does not mean it is OK to that outlet. It is the responsibility of the user to confirm that the power can support the equipment.

Questions:

A. How come I have to supply my Social Security Number?

Answer: This is to affect your credit when you do not bring the equipment back. This is no different than when you go to the doctor's office and they ask for your social security number. They only reason they need it is if you do not pay your bill promptly. The only reason the doctor's office needs your SS number is to affect your credit. This is a requirement. The only way to avoid providing this information is provide a large enough cash deposit that will purchase the equipment.

B. Are you open on Sunday?

"No." If you rent on Saturday we do let you keep the equipment an extra day for free, if you do not use the equipment, but you will be required to bring the equipment back on Monday morning.

C. Can I reserve a machine for a specific day?

"Yes." Only if you prepay for it. We will have to take the required information over the phone and charge you in advance for the rental.

D. What if I prepay for a rental and cannot show up to pick up the machine?

All sales are final. No credit is placed back on your credit card, but we can carry over the funds to use on a different day (like purchasing an air line ticket.)

E. What if the machine does not work? Will you bring me a replacement? Can I get my money back?

You will be required to bring the machine back to us. We will not bring you a replacement. Over 90% of the times a customer states they cannot use the machine, the machine is tested at our location and we cannot find anything wrong with it. Please make sure before you leave our location, you know how to use the machine! When you bring back the machine, it will be tested, if there is nothing wrong you can finish out the days rental. If there is really something wrong with the machine, you can have a substitute machine or have credit to use on a different day. You will not get your money back.

F. Does the machine come with instructions on do odor control work ...?

"No." Please ask your service rep at SteamBrite for help with any specialty issues.

g. Will Steam Brite come out and clean or do a job for me?

Yes. You can call our office for a referral to a list of some of the companies that have attended our classes and have offered many years of service to the community.

>

H Can I pick up a machine on Friday and bring it back on Monday?  
Yes, but you will be charged for the number of days you use the 12 Inch Ducting(s).
