Harvard Chemical 280101 Rinse Plus Encapsulation Crystallizing Rise Agent 1 Gallon
Description
One of the most important steps in carpet cleaning is rinsing away detergent and alkali residues after the cleaning process is complete. To guard against rapid Resoiling, Wick Back, Reâ€•staining and to leave carpets feeling soft to the touch as well as adding a luxurious sheen, Carpets should be rinsed with a solution of Rinse Plus. This product will encapsulate carpet fibers for stain protection. This specialized formula can also be used to prevent browning when highly alkaline cleaning solutions have been used. This product is also highly effective as an acid spotter and to clean light colored fringes and edges on rugs or as a urine stain remover. Use this product where zero residue is desired.
