Model Number: Shock-Wave

Cross American Shock-Wave Tile Grout System Pressure Washer electric cold 1200psi

Manufacturer: Cross American

Cross American Shock Wave Pressure Washer

An excellent modular component that can be used in conjunction with your high-performance extractor (Scorpion-XPS) to deliver a piercing 1200 psi to your Hard Floor Tile & Grout tool (Spinning jets) in an effort to evenly clean and extract those tough jobs! This is a very convenient way of having greater versatility and mobility as an approach to most every job. Simply attach a garden hose to inlet & your (Optional) psi hose & spray gun!

The Shock-Wave features a very Powerful motor system with gauge; regulator/unloader; QD; auto-chem meter; GFI current interrupter ; long electrical cord; carrying handle with mounting frame.
