Manufacturer: Malish

Malish 812416, 16in Polypropylene Carpet Shampoo Brush, Plastic, GTIN 6-15129-12416-4
Description
A low cost alternative to nylon for situations that call for less frequent use. Ideal for the rental trade. Bristles are slightly stiffer than nylon. No break-in process required.

On brushes 14″ in diameter and larger, the two outer rows are heavier to scrub the carpet and flex the pile while the softer inner rows “massage” the dirt from the carpet for a deeper cleaning action.
Specification

Block Type	Plastic
Block Diameter	16in
Filament Color	White / Black
Filament Diameter	0.02 / 0.25

Directions
Carpet brushes must be broken in as described before use on carpets:
1. Mount the brush on the floor machine. Follow ALL instructions included in your owner‘s manual.
2. Find a rough textured floor surface, preferably unfinished concrete.
3. Operate the machine on this surface. Run the machine DRY for approximately 15-20 minutes. The brush fibers will take a slight set or lean in the direction of machine rotation.
4. Rinse the brush to remove any dirt caught when running machine. The brush is now ready to be used on carpeting.
