Model Number: 773811

Malish 773811, Steel Wire Tuff-Block Showerfeed 11inch Scrubbing Brush, Black, Plastic Block, Orbital Machine

Manufacturer: Malish

Malish 773811, Steel Wire Tuff-Block Showerfeed 11inch Scrubbing Brush, Black, Plastic Block, Orbital Machine

#### Description

For cleaning hard surfaces. Steel Wire (.014" diameter) is the most aggressive of the series, for use on unfinished concrete surfaces. Trim length is  $\frac{1}{2}$  inch;

Nylon and polypropylene scrubbing brushes feature .014" diameter fill material throughout the block. Nylon is more flexible and will last the longest, while polypropylene is an economical alternative.

#### Features

- Most aggressive brush of the series
- Scrubbing brushes feature .014" diameter fill material throughout the block
- For use on unfinished concrete surfaces
- General Scrubbing: Heavily Soiled Concrete, Moderate to Lightly Soiled Concrete

\*Shower feed holes not included on brush sizes 12in and under

\$52.33
