Clean Storm 48020, 1/4in Mip X 1/4in Mip Closed Nipple Stainless Steel, Kaivac CPS33

Model Number: 48020

Clean Storm 48020, 1/4in Mip X 1/4in Mip Closed Nipple Stainless Steel, Kaivac CPS33

Manufacturer: Clean Storm

Clean Storm 48020, 1/4in MIP x 1/4in MIP Closed Stainless Steel Nipple, 7/8in Length

Description

Upgrade your equipment connections with the Clean Storm 48020 1/4" MIP x 1/4" MIP Closed Stainless Steel Nipple. Expertly engineered from durable 304 stainless steel, this 7/8-inch nipple serves as a heavy-duty, long-lasting replacement for soft brass fittings that wear down and fail under pressure. Ideal for demanding commercial cleaning setups, it ensures secure, leak-free performance and superior corrosion resistance.

Features

- Made from premium 304 stainless steel for superior durability and corrosion resistance
- Outperforms and outlasts standard soft brass fittings that are prone to wear and failure
- Standard 1/4" MIPT x 1/4" MIPT closed nipple design for secure connections
- Precision-machined 7/8-inch overall length ensures an exact fit

Applications

- Commercial cleaning equipment and pressure washing systems
- Kaivac cleaning equipment repairs and system upgrades (specifically Kaivac CPS33 / PCS33)
- Plumbing and fluid transfer lines requiring high corrosion and pressure resistance

Specifications

Brand
Clean Storm

Part Number
48020

Material
304 Stainless Steel

Parts & Accessories > Brass, Plastic, Steel, Stainless Hydraulic Fittings > Stainless Steel Fittings > Clean Storm 48020, 1/4in Mip X 1/4in Mip Closed Nipple Stainless Steel, Kaivac CPS33

Clean Storm 48020, 1/4in Mip X 1/4in Mip Closed Nipple Stainless Steel, Kaivac CPS33

Fitting Type
Closed Nipple

Connection Size
1/4" MIP x 1/4" MIP
