It has dual 3 stage vacuums and a Pumptec 300 PSI pump.This machine has a 2000 Watt Heater.
This machine will operate on dual 20 amp breakers with the heaters on and 15 amp with no heat.
Compact, transport in any truck, car, or on the seat.

In the world of Carpet Cleaning and Auto Detail Extractors you will find you will have to determine how much power is required to use your machine. Some machines need:

This machine produces 200" of water lift and 125 CFM (25,000 Vacuum Units)
This means that not only can you use this machine as a compact auto detail machine, but it also packs enough power to clean homes, carpets, mattresses, drapes, and more...
No need to make the selection of carpet cleaning wands from the smaller 8" or 10" wide tools. This machine can operate professional 12" wide cleaning wands!

With 300 psi this gives you the ability to use internal spray and bi-directional upholstery and auto detail cleaning! Being able to clean both forward and back is actually more than twice as fast!
