Pullman Holt Boss B001110 Turbo Air Wave F1200 Axial Fan

Model Number: B001110

Pullman Holt Boss B001110 Turbo Air Wave F1200 Axial Fan

Manufacturer: Pullman Holt

Turbo AirWave F1200 Axial Fan (B001110)
Pullman-Holt's new turbo fan air mover provides up to 2000 CFM with 1 HP, 7.1 amp motor. The AirWave Axial Turbo fan is a must to exhaust moisture-laden air due to floods and unexpected water damage. I can also be used to introduce drier outdoor air with great force. Perfect for air circulation/ventilation, carpet and floor drying and spot cooling.
Features:
• High-density polyethylene housing - resists impacts, strong and durable for professional use.
• Can be used as ventilators, circulators or simply as fans.
• Large built-in cord wrap - quick, easy and safe storage of power cord.
• 12” fan blades generate greater airflow for increased efficiency.
• Can easily be stacked/interlocked during use, transportation and storage.
• Capability to connect up to 125 feet (38 m) of straight 12” duct.
• Single speed
