Manufacturer: Aztec Products

Aztec Products 30" Sidewinder Propane Floor Stripping Machine 010-603

The Aztec Sidewinder™ is the ultimate high speed propane stripping and scrubbing
machine, providing the fastest way to strip and re-finish VCT floors. The rugged all-steel
body construction, available in 24” or 30”, offers superior performance and extended
long term durability. The new transport wheel attachment makes the 400+ pound machine even easier to load and unload, for maneuvering around the job site.
The Sidewinder system is designed to empower as few as 3 people to strip up to 7 layers
of floor finish at 15,000 sqft/hour. The German engineered heavy duty centrifugal clutch,
floating brush drive and propane powered engine ensure that it is both an incredibly powerful and durable machine. The planetary action and grit-impregnated nylon brushes rip quickly through old finish without damaging VCT floors.
Don’t work hard, work fast and smart with the Aztec WorkSmart stripping system.
All of Aztec’s machines are proudly MADE IN THE USA and meet the US green building
council LEED IEQ credit 3.4 requirements, and are CARB, EPA, GS-42 and CE compliant.

Features

- Rugged Steel Construction
- Strips up to 15,000 sq. ft. per hour
- Scrubs up to 30,000 sq. ft. per hour
- Carb/EPA emission certified
