Hydroforce AH216 Flash Cuff 2.5in Female Flash Cuff 1662-2817

Manufacturer: HydroForce

TIRED OF HOSES COMING APART?
TIRED OF INFERIOR LOCKING AND SWIVEL CUFFS?
TIRED OF REPLACING CUFFS?

The NEW Flash Cuff™ takes durability and innovation to the next level! Rugged construction and a unique design ensure that twisted hoses and cuff replacements are a thing of the past. Additionally, the Flash Cuff™ both swivels and locks - no need to choose one feature over another.
Note the measurements are taken on the inside of the vacuum hose and not the connector.
IMPROVE PRODUCTIVITY

- Tighter connections between cuffs decreases the amount of air lost - leading to faster drying times.
- Inside diameter of the cuff is the same as that of the hose, keeping turbulence to a minimum and increasing air flow.
- Cuff allows your hoses to swivel - don't spend your time untwisting tangled hoses.
- Easy push-button lock keeps your hoses together whether you're going upstairs or around corners.

INNOVATIVE DESIGN

- Virtually indestructible; we've driven a truck over this, enough said!
- Tapered ends and shorter length allow the Flash Cuff to fit on the hose reel and keep its shape better than competitive products.
