Shurflo 94-536-00, Replacement Battery Only, for SRS-600 Propack Electric Backpack Sprayer

Model Number: 94-536-00

Shurflo 94-536-00, Replacement Battery Only, for SRS-600 Propack Electric Backpack Sprayer

Manufacturer: Shurflo

12 volt - Propack Electric Backpack Sprayer, Replacement battery ONLY - Discount shipping

Please note this is just the battery and not the assembly.

The Propack sprays up to 120 gallons on a single charge, eliminating the need to manually pump up the sprayer to maintain pressures and spray patterns. Micro-processor control with 4 pump speeds and easy-to-reach, one touch master control. Adjustable nozzle provides for high volume cone, long-range solid stream or delicate mist spraying.

Chemical resistant Shurflo pump is "on-demand" - simply depress wand lever to start spraying & release to stop. Ergonomically designed 4 gallon tank, full breathable pad pack, thick shoulder pads & waist belt for maximum comfort. Battery pack removes easily; status lamp indicates "power on" & blinks when time to recharge. Includes TriggerJet® polypropylene wand with adjustable nozzle. 40 PSI at 1 GPM.
