Shurflo 94-537-00, SRS-600, Propack Rechargable Electric Backpack Charger, UPC 752324008971

Model Number: 94-537-00

Shurflo 94-537-00, SRS-600, Propack Rechargable Electric Backpack Charger, UPC 752324008971

Manufacturer: Shurflo

Propack Electric Backpack Sprayer Replacement Charger
UPC 752324008971
SFLO Charger

The Propack sprays up to 120 gallons on a single charge, eliminating the need to manually pump up the sprayer to maintain pressures and spray patterns. Micro-processor control with 4 pump speeds and easy-to-reach, one touch master control. Adjustable nozzle provides for high volume cone, long-range solid stream or delicate mist spraying.

Chemical resistant Shurflo pump is "on-demand" - simply depress wand lever to start spraying & release to stop. Ergonomically designed 4 gallon tank, full breathable pad pack, thick shoulder pads & waist belt for maximum comfort. Battery pack removes easily; status lamp indicates "power on" & blinks when time to recharge. Includes TriggerJet® polypropylene wand with adjustable nozzle. 40 PSI at 1 GPM.

you can charge your sprayer from a standard wall outlet. Order number only includes the AC adapter and not the battery post wire harness.

Features

Sprays up to 120 gallons (454 Liters) on a single charge
High performance chemical resistant SHURflo pump

Steambrite Supply

Shurflo 94-537-00, SRS-600, Propack Rechargable Electric Backpack Charger, UPC 752324008971

Advanced microprocessor pump control
Variable speed and adjustable nozzle for light or heavy duty spraying
Ultra comfortable ergonomic design, full back pad, and thickly padded shoulder harness

Improvements

Teejet all Polypro spray wand
Splashproof battery pack and power plug
Higher capacity charger, 40% faster than SRS-540

New from SHURflo the SRS-600 offers the benefits of the previous SRS-540 with several valuable improvements. The SRS-600 offers breakthrough performance, convenience, versatility and comfort in a backpack sprayer. ProPack™ eliminates the need for the operator to continually "pump up" the sprayer to maintain a constant and steady spray pattern as with manually powered sprayers, making spraying faster and easier than ever.

The ProPack's™ micro-processor control allows the operator to select one of four pump speeds, that when used in conjunction with the included adjustable cone nozzle can deliver a delicate mist, high volume spray, or long-range stream to meet any spraying need.

The unique battery pack is easily removed without the use of tools for remote charging. The light-weight ergonomically designed tank, full breathable back pad, thick resilient shoulder pads, and waist belt make the ProPack™ comfortable even with a full load.

Other Features

Advanced one touch master control-select from four speed settings
On demand operation-depress the hand lever to begin spraying release to stop
Select low speed settings for a light mist for delicate work
Use the high settings for a dense spray to cover large areas quickly
Set the spray tip to stream and select the high speed setting on the pump
