Remove Pet Odors and Urine from Carpet Backing and Padding, Kit, 20130821, Bundle

Manufacturer: HydroForce

Are you getting your share of the
$53,000,000,000 Pet Industry?

According to American Pet Products Association (APPA), the United States spent $53 billion* (yes, that is with a B and not an M) in 2012 on pet food, medicine, vet care, grooming and more for our pets. Obviously Americans love their pets and you need to make sure your customers are selling pet cleaning services.

This Kit include one each of the following below. Save over purchasing individually. Click on each item to read more about them or to purchase separately.

Shazaam SBM129 Pounce Odor Stain Remover 7 lb jar

Remove Pet Odors and Urine from Carpet Backing and Padding, Kit, 20130821, Bundle

Water Claw AC002 Flash Xtractor II (2nd Generation) 1698-4181
1697-4180

Used for pet urine soaked synthetic wall to wall carpet, clean and deodorize the carpet face fibers, carpet backing and carpet cushion all at the same time without having to disengage the carpet or re-install it or even change out the padding. Treats way deeper than topical treatment systems.

#1 Locate the urine contamination.
#2. Take a 5 gallon bucket and fill it with the hottest water you can find about half way.
#3. Add 8 oz of Pounce and stir into the water with a wooden paint stir stick.
#4 Add 8 oz of Flush Out Urine Pre Treatment.
#5 Pour on contaminated area. Yes, pour not spray.
#6 Agitate with Grandi Groomer, rotary floor machine, carpet shampooer, or CRB machine.
#7 Wait 30 minutes for chemical reaction.
#8 Extract liquid out of carpet with Flash extractor hook to your truckmount or portable carpet cleaning machine.
#9 Clean and rinse carpet as normal
#10 Implement forced drying system (air movers, ceiling fan, A/C, Heating system...)

FlashXtractor™ is used to remove water from carpeting and under the carpet at the same time. It can be used with your flood pumper, water extraction machine or carpet cleaning machine to suck and extract the moisture from the carpet pad, carpet backing and face fibers all at the same time. Great tool for odor control and corrective procedures with the use of Pounce.
by WaterCLAW
Leaves Up to 35% Less Water Behind Than Competitive Tools
Water Claw introduced revolutionary sub-surface extraction tools to the water damage restoration and carpet cleaning industries with the Water Claw Flood Tool and Spot Lifter tool. Now we take the next step in quick, easy, and effective water extraction from carpet and other surfaces with the FlashXtractor™ Subsurface Water Extraction Tool. A patent pending design raises the bar in water removal effectiveness whether working in conjunction with portable or truck mounted extraction equipment. Quite simply, the FlashXtractor™ is the best performing, most cost effective extraction tool on the market.

Steambrite Supply

Remove Pet Odors and Urine from Carpet Backing and Padding, Kit, 20130821, Bundle

EASIER TO USE
• A flexible, telescoping handle allows the operator to work in tighter places under stairs
• The handle folds up, allowing for compact storage, and the ability to hang on a wall
• Fits both 1-½ “ and 2” Vacuum hose
• Lighter weight reduces operator fatigue
• No vacuum release is necessary due to the ridges incorporated in the design to optimize air flow and suction
• Right angle vacuum hose connector keeps the vacuum hose out of the way
• The technician simply steps onto the FlashXtractor, allowing it to remove incredible
amounts of water all the way to the sub-floor, pulls the handle back to break the suction, and repositions the unit to the next spot when you see the water stop flowing
REMOVES MORE WATER IN LESS TIME
• In comparative lab testing it left considerably less water, as much as 35% less* compared to other recently introduced tools.
• Patent pending base design eliminates dead spots so you do not have to do any
further wand extraction when you are finished
• Even in black water floods, the FlashXtractor can be used to evacuate more water
faster, allowing you to more easily remove, carry out, and dispose of contaminated carpet and pad
Large Base of 14" L X 9-1/2" W
