HydroForce AB19 Grandi Groomer Carpet Rake With Brush Combo A56552 For Rugs and Carpets

Lifts crushed pile from heavy traffic areas
Releases trapped, ground-in dirt between tufting and fibers
Separates flattened pile after wet cleaning
Restores carpet buoyancy
Allows thorough vacuuming
Permits better penetration of chemical solutions
Aerates wet carpet to allow quicker drying.
Used by all carpet cleaners to scrub in carpet protectors that are appied after cleaning.
Grandi Groomer is designed for use on twisted filament carpet pile.
Grandi Brush is for straight filament carpet pile.

This groomer is a must for every professional carpet cleaner! The Grandi Groom is designed to:

Simultaneously loosen and lift deeply embedded soil particles and pet hair for efficient extraction and cleaning
Restructure the original design of the carpet
Restore the resilient effect
Finish grooming the cleaned carpeting to render the "Like New" appearance
Better carpet appearance to satisfy and please the customer

How To Use:

Before Vacuuming Or Cleaning.

Using a "push-pull" motion will allow the specially designed nylon tines to reach the base of the carpet tufts, separating and freeing the individual fibers of dirt, pet hair, etc. that vacuuming cannot get. Most commonly used to scrub in you carpet cleaning traffic lane prespray.

After Vacuuming Or Cleaning

Using a "push-pull" motion will lift the carpet pile, restructuring the original design. This motion will also give the carpet a finished grooming to render a "like new" appearance. On dense and deep pile carpeting it is best to finish by a "pulling" motion only. Most commonly used to evenly distribute your post applied carpet protection product.

Example: Vacuum > Prespray cleaner > Groom with Grandi > Rinse/Extractor > Apply Fabric Protection > Groom with Grandi > Collect $$$
