Clean Storm 20131023, 5.7 in Fiberglass Vacuum Motor Manifold, 2in Vacuum (Replacement for P735)

Manufacturer: Clean Storm

Clean Storm 20131023 5.7 in Fiberglass Vacuum Motor Manifold 2in Vacuum (Replacement for P735)

Description

Clean Storm 5.7in Fiberglass Vacuum Motor Manifold are used in the Goliath series flood pumper and carpet cleaning machines.

These are designed for the aggressive cleaner who picks up steam from pressure washing and tile and grout cleaning.

These manifolds mount between the bottom of the machine and the vacuum motors.

A vacuum motor gasket is needed between the bottom of the vacuum motor and the top of this fiberglass air manifold.

Impossible to melt or get soft.

Vacuum hose connection is 2in

Non returnable, non cancelable item.

Optional

Add Vacuum Motor Lint Screen Filtration and Gasket to any vacuum motor

Gasket Vacuum Motors fits 5.7in Vacuum Motors 1/4" Thick PP43-807110 Mytee G004A PX13
