Clean Storm 20131117, Stainless Water Box Float Tank with Lid, 12in X 9in X 6in, for Truckmounts and Pressure Washers

Manufacturer: Clean Storm

Clean Storm 20131117, Stainless Water Box Float Tank with Lid, 12" x 9" x 6", for Truckmounts and Pressure Washers

Description
Upgrade or replace your equipment’s water management system with the Clean Storm Stainless Water Box Float Tank. Engineered for durability and high performance, this compact 2.8-gallon tank is fully welded and 100% watertight, making it an ideal choice for demanding truckmount carpet cleaning systems and pressure washers. Constructed from heavy-duty 16-gauge #303 stainless steel, it offers exceptional resistance to rust and corrosion in harsh operating environments. Complete with a secure lid, convenient mounting tabs for effortless installation, and a 1/2-inch full stainless steel coupling for reliable inlet/outlet connections, this water box is built to last.

Features

- Durable Construction: Fully welded, watertight design built from heavy-duty 16-gauge #303 stainless steel.
- Optimized Capacity: Compact 2.8-gallon capacity tailored for efficient water flow management.
- Versatile Application: Perfect replacement or upgrade part for professional truckmounts and pressure washers.
- Easy Installation: Features convenient built-in mounting tabs to secure the tank safely in place.
- Secure Connections: Equipped with a 1/2" full stainless steel coupling for the inlet/outlet.
- Includes Lid: Comes standard with a tightly fitted lid to keep debris out of your water supply.
