Winco W100FPTOS Power Take Off Generator 100000 watts 55hp FREIGHT INCLUDED

Manufacturer: Winco Generators

Winco W100FPTOS Power Take Off Generator
Free Shipping!!!

WINCO produces some of the largest and most durable PTO generators on the market. The base of each PTO generator 85 kW to 165 kW is an industrial grade Stamford two-bearing generator. Our large gear case is built strong enough to handle the heavy stresses that agricultural loads place on the generator system. A Square D thermal magnetic circuit breaker provides overload protection and frequency meter makes it easy to adjust the generator output from the tractor. These generators look as good as they perform with durable painted steel parts that will keep your WINCO generator looking good for years. WINCO generator systems are also inexpensive to maintain. Sealed maintenance free bearings keep the rotor shaft turning smoothly year after year. The only regular maintenance required is to check the gear oil level and to run the generator occasionally to keep the internal windings clean and dry. WINCO PTO generators have saved individuals, farms, and businesses millions of dollars in lost revenue. Don't wait until it is too late to discover the value WINCO PTO generators provide.

Generator Construction

- 100% copper windings
- Rotating field design
- Class H insulation
- Automatic Voltage Regulator (AVR)
- <5% Total Harmonic Distortion

Gear Box

- Cast iron gear case
- Helical gears
- 1000 RPM

Winco W100FPTOS Power Take Off Generator 100000 watts 55hp FREIGHT INCLUDED

Other Features

- Large voltmeter makes adjustments from the tractor quick and easy
- Full power Anderson receptacle
- Full power Anderson plug ships with the generator
- Steel PTO guard
