Universal: Fits all brands of traditional air movers  
Kill bed bugs or dry wet buildings faster  
Heater requires two breakers and the air mover needs one more.

## Safety Notes

## Sales Brochure

Falcon Pro Solutions Hawk 1750SV Steam Cleaner Vapor Machine Steam Generator with Vacuum

Professional steam and vacuum cleaner made for commercial cleaning. Apply sanitizing steam and vacuum up contaminants at the same time! The steam section uses a compact stainless steel boiler with 80 PSI pressure and continuous fill for non-stop operation.

2 steam output levels can be selected on the grip and manually regulated on the machine.

The powerful vacuum offers 3 selectable speeds on the grip and our patented water filtration system for best separation of dirt from the water which functions as a filter, trapping dirt and microorganisms.

As a final &not;Filter stage we use a HEPA F&not;ilter.

## Benefits

- Low water consumption
- Eliminates hazardous chemicals
- Waste reduction
- Reliable and heavy duty construction

## Applications

>

-Schools

- Bed Bug Removal
