Mosmatic 31.151, DGL In-Line High Pressure Brass Stainless Swivel with Triple Bearing System, 3/8in Fip X 1/4in Mip

Model Number: 31.151

Mosmatic 31.151, DGL In-Line High Pressure Brass Stainless Swivel with Triple Bearing System, 3/8in Fip X 1/4in Mip

Manufacturer: Mosmatic

Mosmatic 31.151, DGL In-Line High Pressure Brass Stainless Swivel with Triple Bearing System, 3/8in Fip X 1/4in Mip
Description
The Mosmatic 31.151 is a premium, Swiss-engineered inline high-pressure rotary swivel built to eliminate hose twisting and deliver fluid delivery performance. Constructed from rugged stainless steel, this swivel features an advanced triple-bearing system that minimizes rotational friction under intense pressures. Designed for longevity and seamless operation, it prevents repetitive strain on car wash booms, high-pressure spray guns, and specialized industrial cleaning rigs. This maintenance-free component ensures absolute reliability and maximum uptime for professional wash bays and mobile pressure-washing units.
Applications

- Car Wash Booms & Overhead Rigs
- High-Pressure Spray Guns
- Mobile Pressure Washing Systems
- Self rotation applications
- Part cleaners
- Tire cleaners

Features

- Triple-Bearing Assembly: Engineered with a specialized triple-bearing configuration to handle structural loads and ensure ultra-smooth rotational movement.
- Premium Stainless Steel Construction: Forged from high-grade stainless steel to provide superior defense against corrosion, harsh chemical exposure, and rust.
- Inline Configuration: Sleek, space-saving straight inline profile fits seamlessly into existing layouts without adding bulk.
- Maintenance-Free Longevity: Completely sealed internals prevent water ingress, removing the need for routine lubrication or servicing.

Parts & Accessories > Swivels Pressure Rotary Union > In Line Pressure Swivels Rotary Union > Mosmatic 31.151, DGL In-Line High Pressure Brass Stainless Swivel with Triple Bearing System, 3/8in Fip X 1/4in Mip

Mosmatic 31.151, DGL In-Line High Pressure Brass Stainless Swivel with Triple Bearing System, 3/8in Fip X 1/4in Mip

- Industrial-Grade Pressure Performance: Built to process chemical and water delivery under heavy professional demand without weeping or pressure drop.

Specification

Boom Compatible
Yes

Female NPTF
3/8" Fip X 1/4" Mip

Flange Type
Inline

Low RPM
No

Manufacturer
Mosmatic

PSI
4000

RPM
30

Swivel Type
DGL

Temp in Fartenheit
250
