Description
The Clean Storm BR014 Male Adapter Brass Fitting provides a reliable and efficient solution for transitioning plumbing lines from rigid IPS piping to flexible tubing. Constructed from durable, lead-free brass, this barbed adapter offers superior corrosion resistance, making it suitable for both indoor and outdoor installations across potable water and liquid handling systems.
Designed to connect with plastic, vinyl, or rubber tubing, the hose barb end inserts directly into the hose and creates a secure, leak-proof seal when paired with a stainless steel hose clamp. Able to handle high operational demands, this heavy-duty brass fitting is compatible with a wide variety of commercial and industrial liquid lines.

Features

- Transitions iron pipe plumbing systems directly to plastic or rubber tubing.
- Constructed from heavy-duty, lead-free brass for long-lasting durability.
- Corrosion-resistant material suitable for indoor and outdoor applications.
- Barbed connection forms a water-tight seal when secured with a stainless steel hose clamp.
- Versatile applications include air, gasoline, and water supply lines.
- Compatible tube types include garden hoses, rubber hoses, and vinyl tubing.
