Model Number: BR014

Brass Fitting BR014 3/8in Mip X 1/4in Hose Barbed 32006 ACR

Manufacturer: Clean Storm

ACR Brass Fitting BR014 3/8" Mip X 1/4" Hose Barbed Brass

Temperature and working pressure ranges - From -400F to + 1600F at 150 PSI maximum.

Male adapters provide an excellent method of transitioning plumbing lines from flexible tubing to IPS piping. Constructed of lead-free brass, barbed fittings are ideal for multiple potable water and other liquid plumbing systems. Barb connections are designed to be inserted into the tube and will form a secure connection when a stainless steel hose clamp is tightened on the outside of the tube. This type of fitting is ideal for plastic, vinyl or rubber tube types.

Connects iron pipe plumbing systems to plastic or rubber tubing

Constructed of durable, lead-free brass

Brass is corrosion-resistant and can be used indoors and outdoors

Barbed connection requires stainless steel hose clamp for a water-tight connection

Applications include air, gasoline and water

Compatible tube types include garden hose, rubber hose and vinyl tubing
