Hydramaster 000-074-017 Vacuum Gauge 30"HG, 2-1/2 Inch Glycerin Filled Panel Mount 1/4"Mip Back Connection
#9 In Image
2-1/2 Inch Glycerin Filled
1/4" Mip back connection
Panel mountable
Reads in Hg.
Can be used with truck mounted and portable carpet cleaning machines
Include panel mount bracket.
Please note the factory has been known to change the looks of this item!

Please note that vacuum gauges may not always read zero when you receive them. This is because as elevation changes the needle will appear to stick above zero. To fix, just hold the gauge so the glycerin rubber stopper is on top, lift the stopper up, then blow on the connection, re-secure rubber stopper.

Note factory charges a min order fee, drop ship fee, and elevated shipping cost.

Factory installed in Boxxer 318, Titan 425 (image 15)
