Model Number: 20141820

Clean Storm 20141820, Filter Reclaim Quad Filter Pack, 40 Mesh to 5 microns for Water Reutilization

Manufacturer: Clean Storm

Clean Storm 20141820 Filter Reclaim Quad Filter Pack 40 Mesh to 5 microns for Water Reuse

Description

Clean Storm filter Reclaim Filter Pack lets you use your pressure washer or carpet cleaning water over and over again.

Stay legal place sucked up water back into your fresh water tank.

Clean for longer times without having to refill your pressure washer fresh tank.

Plastic filter inserts are washable for reused and cleaning after each job.

Turn any auto dump carpet cleaning machine into a Self-contained continuous flow recycling carpet cleaning or pressure washing system.

Self install kit Includes the items in the list below.

High flow filters work with up to 60 psi and can process water up to 10 gallon per minute.

1" Fip Connections on each filter

Set up your pressure washer to reuse the same water over and over again.

Set up your filters to have your dirty water go through the 40 mesh/micron, then the 30 micron and then the 5 micron filters.

Assemble with optional Teflon pipe tape or pipe dope.

All filters are washable, cleanable, reusable!

Remove and rinse after each job.

Mount on the side of your trailer on on the side of your vacuum recovery unit.

Please install a 100 psi gauge on system (between pump and filters) so you will know when the filters need to be cleaned. Once water filtering does not keep the water pressure below 30-45 psi (50 to 75% of your pump pressure) you will have to replace the filter media.

The flow of the water that comes out of you auto dump carpet cleaning machine if feed through each of the filters and then is both sucked and pushed an supplemental pump below. If you are on a pressure washing rig you might want a 12 volt transfer pump. If you are on a carpet cleaning machine you would want to use a 115 volt pump. Carpet cleaning pumps would usually need to be between 1 to 4 gallons per minute while pressure washing rigs would want a higher 5 gpm pump.

Package includes:

Brass Pipe Bushing, 1/2in Mip X 1/4in Fip 9.802-135.0 - 28106L [98021350]
